

developers, consultants, and publishers, who find common interests and discuss how to handle topics from both the consumer & the developer perspectives. The SIG leader is Sean Kane, Certified Apple Technical Coordinator, long-time Mac and iPhone user, and a technologist and consultant to Walt Disney Feature Animation Florida.

The **GRAPHICS/PHOTO SIG** formerly met each month has changed to an on-line interactive monthly meeting hosted by Ken Larrabee and various guests, including members who have photos, videos, and tips to share.

This SIG concentrates on digital photography and any software or peripherals related to it. Whether you are a beginner or a pro, there will be something for you in our new on-line format, where you will be able either to share news and ideas, or to ask questions so we can learn from each other! Watch the E-Blast (sign up at cfc.org) for details on the next meeting of this exciting event!

Drupal SIG

We have a number of events going on this month in the Drupal SIG. On September 8, we held our Central Florida monthly meeting in the Melrose Center at the Downtown Orlando Orange County Public Library. Those occur every second Monday of the month at 6:30 PM. We have talks ranging from beginners to developers. We also have meetings in Brevard County at Cocoa Village on the second and fourth Tuesdays – see groups.drupal.com/florida for more info on all our meetings.

On September 13, we had a table at FOSSETCon (Free and Open Source Software Expo and Technology Conference) to tell people about Drupal and make them aware of the many ways they can get help with their Drupal projects.

April & October General Meetings are at Orlando Day Nursery at 626 Lake Dot Circle. All other months are at Maitland Library.

Attend a CFCS meeting for the time of your computer's life

Has this ever happened to you?

- You bought a computer and don't know how to use it?
- You've had a computer for years but never had the time to learn more about it.
- Your kids know more about computers than you do?
- Your job expects computer knowledge with no training.
- Your kids gave you an iPad but you are worried about cloud storage?
- You've heard about identity theft but don't know what to do about it.
- You'd like your computer to talk to your wife's computer but can't figure out how to do it.

The answer to all these questions is the same: Join the CFCS. Attend our next Sunday meeting (It's free.) Join and learn. We were the first and are still the best!

Many of our members are experts in all types of electronics, from digital video recorders to GPS units, iPhones, iPads, and MP3 players. The list is as infinite as the internet.

Other members are just like you, wanting to learn more without paying for expensive training.

Whatever your technology interest or problem, someone in CFCS will know about it.

Join the fun, join the knowledge, join us at our next meeting. Details elsewhere in this newsletter or on our website at CFCS.org.

P.S. If you are the type whose VCR used to flash 12:00 and you couldn't fix it, you are too far gone, but for any other technical or electronic knowledge, stop by one of our meetings.*

Vol. 114 No. 7 Newsletter of the Central Florida Computer Society, Inc. [Non-Profit, 501(c)3] Fall 2014

CFCS Offers Free Monthly Computer Learning Sessions at the Maitland Library

Oct. 12: Oz Rugless, Computer Tricks & Tips you can Use Today!

Nov. 9: Mark Schulman, expert on the new rules for moving medical data from paper to electronic records.

Dec. 14: Glenn Coffield, the latest trends in computers from a store owner's perspective.

Jan. 11: Gaelan Adams of the Collegiate Cyber Defense Club at UCF will present "Cyber Defense Tools and Demonstrations"

Presentations are subject to change. The best way to keep up to date is signing up for the CFCS E-Blast e-mail newsletter at cfc.org, or just check out cfc.org for updates.

October 12

The Wonderful Oz Returns for a Reprise of his Always Enthralling Computer Tricks & Tips you can actually use!

(Note: This meeting is at the Orlando Day Nursery at 626 Lake Dot Circle. Check cfc.org for directions.

Oz Rugless has provided many fun-filled, informational, and useful presentations to CFCS members before, and he

Preview **THE FREE!**
Edition of
BUSSLINE

(BUSSLINE is the term for the complex multi-functional circuitry on a computer motherboard, a PC's heart.)

This is a preview edition of our BUSSLINE newsletter, published by the Central Florida Computer Society (CFCS) for more than 30 years. The full version (24 pages) may be found on our website at cfc.org, a few days after our monthly meeting. Our monthly meetings and Special Interest Groups (SIG) are free to visitors. For an easy, relaxed way to keep your computer and other tech stuff running smoothly with the advice and support of hundreds of fellow travelers through the age of technology, join us for a (free of charge) meeting or two. You'll be glad you did.

plans on doing that again. He'll pique your interest with a potpourri of ideas, one of which is sure to be just what you were looking for, including:

- * Freeware and shareware you can use, today, that you never knew existed.
- * Shortcut techniques for making your computing easier and breezier.
- * Where to find answers when you're stumped with a computing problem.
- * How to automate routine computing tasks.
- * Programming tips for the experienced programmer and for the newbie.
- * Lots more.

Be there. You'll walk away smiling, with a pocketful of new ideas you can use right away.

P.S. Oz has flown around the world to do this presentation for Microsoft. It's free on Oct. 12!

November 9

Mark Schulman, author, software designer, and overall tech enthusiast, has many topics to choose from.

Mark has published seven books and owned several successful businesses, dealing with software development, networking, and IT support for medical offices.

He has spoken to us in the past on Email privacy, being an I.T. Hero, Building your own PC, Preserving Digital Photos, Creating a Software Swiss army Knife, Sandboxed, and Internet Privacy.

December 14

Glenn Coffield will reveal the latest trends in computers from a store owner's perspective.

The owner of Smart Guys Computer Stores, Glenn is always one of our most popular speakers, with a lively presentation liberally mixed with humor and inside secrets of the computer industry, with practical advice on everything from building your own or fixing what you already have.

January 11

Gaelan Adams of the Collegiate Cyber Defense Club at UCF will present "Cyber Defense Tools and Demonstrations"

One component of the club involves studying, understanding, and applying defensive security strategies in order to rigorously protect computers and networks from being compromised.

A second component of the club involves learning how attackers gain control and

persist in systems.

Its members are the types who like breaking stuff, problem solving, hacker-talk, or even just expressing their true 1337ness. (Look it up.)

Vice President Joe Biden speaks to the 2014 National Collegiate Cyber Defense Competition Champions from the University of Central Florida, in the Indian Treaty Room in the Eisenhower Executive Office Building, in Washington, D.C., August 19, 2014. (Official White House Photo by David Lienemann)

All events, **except April and October General Meetings**, are held starting at 1:30 pm in the Maitland Library Community Room. See map in this BUSSLINE or on pg. 24 of the online edition at cfcs.org. April and October meetings are at the Orlando Day Nursery. For details and maps, consult our website at cfcs.org.

SPECIAL INTEREST GROUPS

Earlier on the same day of each presentation, the **WINDOWS SIG*** meeting is held. (*Special Interest Group) The WinSIG always meets at 1:30 pm, and is hosted by Hewie Poplock, just before the CFCS General Meeting at 2:45. If you use or plan to use Windows, these discussions, demonstrations, and Q&A sessions will be of immense value to you. Geared to intermediate level Windows users. Tips, tricks, and information on all versions of Windows are discussed. An e-newsletter is sent periodically with meeting

information and links discussed at the meeting. You need not attend both meetings, but many members do. Non members are always welcome. Sign up for the free e-newsletter at cfcs.org.

The **ACCESS, MS OFFICE, and SECURITY SIGs** meet conjointly on the second Wednesday of each month from 7 to 9 pm at the New Horizons Learning Center at 1221 Lee Rd. Arvin Meyer, a Microsoft MVP (Most Valuable Professional), (and current CFCS president emeritus), leads the SIG. <http://groups.yahoo.com/group/cfcs-access> This is a combination of three separate SIGs which now meet alternately.

The **TECH DISCUSSION SIG** meets on the fourth Tuesday of each month from 7 to 9 pm at the World Gourmet Restaurant on 436 near Ronald Reagan Blvd.. This SIG is hosted by Vice President Stan Wallner (vp@cfcs.org).

This SIG is a non-structured, open conversational group for CFCS members, that has no specific topic or speaker, but is simply a round table discussion. It is not an advanced group, but a place for people to come and discuss various subjects, such as new products and technologies, hardware, software, web-related, etc. Bring in articles from magazines, newsletters, unusual problems/situations that have arisen, questions, etc. Also, new or ailing devices or notebook pc's are welcome, either for "show and tell" or discussion or demo of situations. E-mail: tech-sig@cfcs.org

The **iSIG** meets on the third Monday of each month at 7:00 PM at Florida United Safety Council 1505 East Colonial Drive, Orlando FL 32803. The iSIG meetings cover the products that use the iPhoneOS, which includes the iPhone, iPad, and iPod. This is a combined effort of the Central Florida Computer Society <http://www.cfcs.org> and the Florida Macintosh Users Group <http://www.flmug.com>. Other groups are invited to participate. Attendees are consumers,
